There are no baptisms that can be attributed to James and Elizabeth apart from the one at Heap Clough. However it is known they had a son John who informed the LDS Church in Utah he was born on June 16th 1823 in Haslingden Grane, the son of James and Elizabeth nee Alstead. Possibly he was a second John after the first died though there is no record of this. The parents names may be recorded incorrectly. He and possible siblings may have had nonconformist (Wesleyan) baptisms whose records are lost or as yet not published on-line.

		b	Henry			9 Dec 1871	died 4q 1871	76	Age at death and 1871 census puts birth from Dec 1794 to March 1795. Son of Henry and Ann is the only exact fit, though his abode of Sheep Green does point to the son of James and Ellen, born a year later.

		b	Henry				18 Jun 1881	90	Aged 58 living in Oakenheadwood In 1851 census; grave A307, age seems exaggerated as date of birth varies from 1791 and 1794 in censuses. He seems too young to be the son of James and Ellen of Sheep Green. The son of Robert and Mary of Pack Barn is closest on age, but a Henry of Pack barn died 2 year later and although no parents mentioned no other match for this burial has been found. The use of Emmanuel for both a brother and son makes the son of James and Ellen favourite. Place of birth for Henry and Isabella is always Haslingden. Mother's maiden name on Emmanuel's birth registration links the census record to Henry and Isabel Chew.
